Omego Ware informed me via telephone that he has also selected  
[REDACTED] for assignment to the EEO  
Office. I have no idea whose these people are or where they are  
coming from but Ware said he would send us a memo requesting their  
transfer. He also stated that he wants to get [REDACTED] assigned  
to the Office but will have no slot. I told him I could make no  
promises on this until I sort out the DCI Area ceiling problems  
but I thought it highly unlikely that we could go along with this  
unless an increase in ceiling was authorized.
